

## PIG® Economy 4-Drum Poly Spill Containment Pallet

PAK606 Holds (4) 55 gal. Steel Drums, 52.6" x 52.6" x 12", Sump Capacity 66 gal.

This cost-effective drum pallet shares many features with our more expensive models - plus it's made from recycled content!

- These pallets may be economical, but they're strong enough to handle long-term storage of fully loaded steel drums
- Low-density polyethylene (LDPE) construction resists UV rays, rust, corrosion and most chemicals
- Textured grating adds traction and lifts out for easy sump access
- 4-way forklift entry allows access from any direction for easy movement (unloaded only)
- Optional .75" drain plug lets you empty sump without removing drums or grating
- We test all of our Containment Pallet designs at max load for months to ensure they can handle full capacity at your facility
